

# School Profile: Sennett Middle School

---

## Introduction

Sennett, located on Madison's east side, is a diverse and unique middle school. Students and families have access to a variety of programs and opportunities including English-Language Immersion or Dual-Language Immersion, becoming career and college ready with AVID and academic and career planning or being a part of 1:1 technology, where all students have individual laptop devices for classroom use. As Sennett continues to grow, our structure remains set on providing smaller learning communities through the House system and multi-age grouping for 7th and 8th graders with the intention of developing meaningful relationships to advance academic and social-emotional achievement.

## Strengths

Our staff and students promote high expectations for student achievement by developing their own skills and knowledge through innovative instruction, learning and peer collaboration. As a 1:1 technology school, our students are preparing for the world of work through student centered learning, teamwork and exposure to diverse learning formats.

## Progress

During 2015-16, Sennett achieved 6 out of 12 reading and math SIP goals while making gains in all. We continue to conduct parent surveys that inform our family and community action steps.

## Areas for Growth

During 2015-16, Sennett focused on connections with our families and community as well as empowerment and engagement of students. We remain committed to building on these relationships as we grow Sennett.

## Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence and community connection. Through these skills and abilities, our students will graduate college, career and community ready.

## Demographics

## Strategic Framework Goal #1 Milestones: On-Track to Graduate

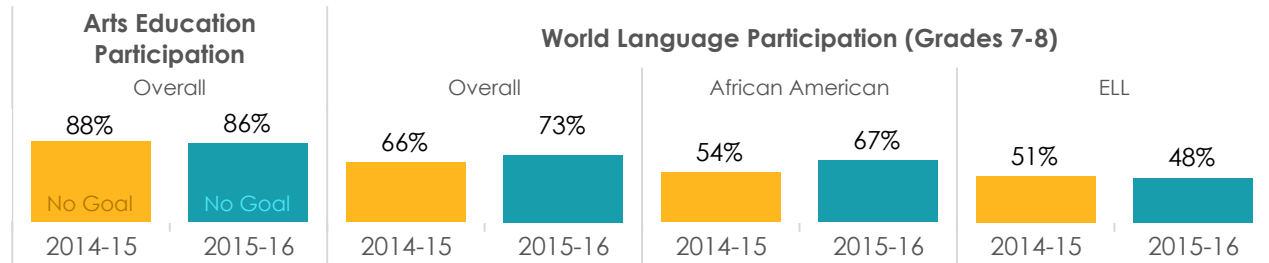

Each bar shows the percent of students meeting the relevant metric overall and for the focus groups the school selected on their School Improvement Plan (SIP, when applicable).

MAP includes Grades 6-8. MAP Growth is based on the percent of students meeting typical Fall to Spring growth targets.

## Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

Each bar shows the percent of students meeting the relevant metric overall and for SIP focus groups (when applicable). "No Goal" within bar indicates that the school chose not to set a goal for this metric (schools choose only one goal-setting metric for Goal #2).

Participation rates are based on transcribed courses.

## Strategic Framework Goal #3 Milestones: Positive Climate

The table below shows the percent of responses within each dimension and group that were positive.
